

# THE HERBICIDER

**The Herbicider is the perfect solution for keeping your weeds under control.**

It has a front-mount boom system that offers excellent visibility. The electric/hydraulic valve system makes hookup a breeze, and can have you up and running in as little as 5 minutes. This option requires only 1 hydraulic remote, and allows you to raise, lower, extend, and retract each boom individually from your tractor seat. With no less than 6 feet of adjustment, this sprayer is ready to tackle any row spacing you may have.

## **Key Features:**

- ✓ Superior Visibility
- ✓ Individual Boom Control
- ✓ Bolt-on Front Tank Mount
- ✓ Weatherproof Control Box
- ✓ Fully Plumbed and Spray-ready
- ✓ Compact Design (fits on traditional pallet)

## THE HERBICIDER

Eastern Manufacturing & Design has developed the Herbicider with a focus on ease of use, efficiency, durability and quality. The Herbicider's design is rugged, reliable and adaptable to your particular farm's needs. If your tractor is not equipped with a front 3 point, a custom mount will be built, and included with the sprayer. Other options include additional nozzles, tank volume and larger hoods .
