

# Fruit harvester OB 80 R

## Description

- 1) Can be used to harvesting of fruit in slope zone..
- 2) Differential lock.
- 3) Compact design and small turning circle for maximum manoeuvrability.
- 4) Can used for plants and on fruit meadows.
- 5) Excellent separation of fruit from grass and leaves.
- 6) Ergonomic seat position, angular positioned and spring suspended seat gives optimum view on pickup and hopper.
- 7) Hydraulic power steering.
- 8) Material sheets are phosphate-treated and powder-coated. This gives much better mechanical and UV stability compared conventional paints.
- 9) Central adjustment on hopper-throw-in cover, adjustable for any size of fruit.
- 10) Professional acceleration pedals for forward and reverse with direction indication.
- 11) Professional return to neutral mechanism for hydraulic drive.
- 12) Complete fruit hopper capacity is utilised 100%.
- 13) The hopper upload, in different height with rotation of 90°.
- 14) Possible grass length for best pick up results: 20-25 cm.
- 15) Our machines have highest pickup rates (nearly 100%) without damaging the fruit.  
Has 7 stage cleaning system, with 2 brushes, 1 roll-brush, blower for pick up and sieve, so reach the top cleaning quality process more efficient than with handwork.
- 16) Cause of low-weight , the machine can be used on ground with high humidity
- 17) Powerful engine and low noise level (only 30% engine load).
- 18) Our machines are very easy to use.
- 19) Electrical start, service hourmeter, working light..

# Ride-on fruit harvester with high dump system and 2 wheel drive

## Technical specification OB 80 R

<b>Working width:</b>	800 mm
<b>Engine:</b>	18 HP Briggs & Stratton Vanguard 2 cylinder engine with oil filter
<b>Drive train:</b>	hydrostatic transaxle, variable driving speed 0,5 - 14 km/h differential lock.
<b>Transmission:</b>	belt driven pick up system, automatic belt extension.
<b>Incline capability:</b>	unrestricted.
<b>Fruit hopper Volume:</b>	250 Liters
<b>Dumping height:</b>	2450 mm
<b>Depth of overloadeed:</b>	900 mm
<b>Length:</b>	3210 mm
<b>Width:</b>	1286 mm
<b>Height:</b>	1410 mm
<b>Tires:</b>	front wheel: 16 X 6,50 - 8 4PR AS Profil rear wheel: 21 X 6,50 - 8 4PR Profil Terra low pressure tires for extreme incline use
<b>Weight:</b>	665 Kg
<b>Pick up adjustment:</b>	height adjustment trough machanical lifted front wheel
<b>Pick up capacity:</b>	up to 4 T/h
<b>Accessories:</b>	operating hour meter for machine, working light (2 headlight), bin trailer for 1,2 or 3 boxes, big bag trailer.
<b>User:</b>	Single business, communities, reward entrepreneur, machines ring, societies..
<b>Kind of fruit:</b>	apples, pears, hazelnuts, walnuts, citrus fruits.
